

Breakthrough: Setup and Object

- Materials & Setup:
 - Checkerboard
 - 16 pieces per player on back two ranks (rows)
- Object:
 - Move one of your pieces to your opponent's back rank, or
 - Eliminate all opponent pieces.

Breakthrough: Movement

- Your piece can move forward (toward your opponent) or diagonally forward into an empty space.
- Your piece can capture by moving diagonally forward onto an opponent piece. The captured opponent piece is removed from the board. Captures are optional.
- (Your piece is thus blocked from movement by a forward opponent, or from your own pieces.)
